

whole project command npm run css

```
"scripts": {  
  "css": "node scripts/sort-css.js",  
},
```

single page

```
"script":{  
"css": "node scripts/css.js"      ==> css.js file name  
}
```

npm run css -- src/app/page.module.css

app folder name page.module.css us folder mai jo file hai usy sort kar dey ga
